Mower Safety!

Nationwide, hospital emergency rooms treat about 60,000 lawn mower injuries each year!

How can you avoid becoming a statistic?

◆ *Know how to operate the equipment.*

- *Read the owner's manual*
- *Know where the controls are and what they do*
- *Follow all safety instructions*

◆ *Dress properly for the job.*

- *Wear long pants, close-fitting clothes, sturdy shoes, and safety glasses.*

◆ *Clear the area before you start.*

- *Pick up rocks, twigs, golf balls, or anything else that could be thrown by mowing equipment.*

◆ *Keep hands and feet away from moving parts.*

- *Never work on equipment while it's running. Never remove or tamper with safety devices and labels...they're provided to protect you and your family.*
